1 INTRODUCTION

The welfare of students at Richmond Christian College is a paramount responsibility and privilege of the school as it partners with parents in the education of their children.

Welfare encompasses the whole of a student's well-being and healthy development. It therefore includes nurturing, building and encouraging; protection from harm (Child Protection Framework); and also training, direction and correction. (Behaviour Management Policy)

Student welfare is built in to everything that happens in the school to meet the physical, emotional, psychological, spiritual, social and learning needs of students. The school partners with parents, the school and wider community, in strategies which are preventative and proactive in caring for students; and responsive in identifying welfare needs and determining best actions.

2 CHRISTIAN RATIONALE

The purpose of Richmond Christian College (RCC) is to honour and glorify God by giving each child a Christ-centred education, as a complete person created by God in His image. Healthy students are happy and resilient; who can form good relationships with peers and others; and who are well-resourced to develop into leaders of godly character, and will blend academic achievement and biblical truth, to influence society for the glory of God.

The school recognises that the responsibility for a child's welfare is given to his or her parents by God; but that this task is shared by the community of faith, and the wider community. RCC considers the welfare of the children in its care as a sacred trust from God, through the parents who enrol their children.

In partnership with parents, every person who belongs to the community of RCC is encouraged to take responsibility for, and seek the well-being of, others: *'...admonish the unruly, encourage the fainthearted, help the weak, be patient with everyone. See that no one repays another with evil for evil, but always seek after that which is good for one another and for all people.'* 1 Thessalonians 5:14-15

The school's policies and procedures, educational programs and extra-curricular activities are designed to build a healthy personal framework for children, teach them about their responsibilities as citizens of God's kingdom, and allow them opportunities for practical experience in caring for others.

Recognising the vulnerability of children, the school seeks to identify and minimise harm in the school environment; and to respond quickly and appropriately when a student appears to be struggling or in distress. The school dedicates resources and structures to protect, heal and restore students; through a vital partnership with parents, the community and local churches.

RCC honours the laws and processes of our state and federal governments for the safety and well-being of our students.
